About Our Institution
Dr. RVR NRIIT is dedicated to offering standard engineering education frameworks. The campus includes high-grade computational labs, modern departmental library resources, and dedicated project workspaces designed to prepare engineering students for current technological requirements.
Departments & Faculty Profiles
Computer Science & Engineering
HOD: Dr. A. Prasad, Ph.D.
Focus areas encompass core algorithm configurations, system logic structures, structural database design principles, and scalable web solutions.
Electronics & Communication
HOD: Dr. K. Srinivasan, Ph.D.
Focus areas cover digital circuit architecture patterns, signal processing infrastructure networks, and microprocessor systems development.

Semester Performance Outcomes

Subject Code	Engineering Domain Course Name	Earned Academic Grade	Validation Status
26WD101	Web Development Fundamentals	O (Outstanding)	Pass
26CS102	Data Structures and Analysis	A+ (Excellent)	Pass

Scheduled Performance Assessments

Calendar Date	Assessment Timeline Window	Subject Evaluation Metric
10-12-2026	09:00 AM - 12:00 PM	Web Development Activity Laboratory Examination
14-12-2026	01:30 PM - 04:30 PM	Data Structures Formal Written Examination
